

## INFORMATIONSECURITY POLICY Information Security Principles

by **EuWe Eugen Wexler GmbH** and  
**EuWe Eugen Wexler & Co. KG Vertriebsgesellschaft**

We process sensitive and confidential information of various kinds, e.g. from our customers or personal data of our employees. In some cases, we are also subject to legal requirements. And we depend on the secure operation of our information processing systems.

WE THEREFORE COMMIT OURSELVES TO:

- ❖ to ensure the **confidentiality, integrity and availability** of the information at all times in accordance with its need for protection by means of appropriate security measures
- ❖ verify the effectiveness of the management system through regular evaluations
- ❖ to continuously improve information security, to define further measures annually on the basis of identified risks and to regularly adapt them to the current threat situation
- ❖ to give high priority to information security, taking into account the legal provisions and in an economically appropriate form
